

FOUND FACTORY FOR BAD MONEY ON EAST SIDE

Two Passers of Bogus Coins
Captured, Told of Eleventh
Street Plant.

On a tip furnished by two prisoners arrested in Newark last night for passing counterfeit money, Special Treasury Agents Callahan and Jerzase and Lieutenant Joseph A. Daly, of Central Office, raided a counterfeiters' plant at 2 A. St. to-day, at No. 611 East Eleventh street, and found a complete outfit for making bogus dimes and quarters together with 300 new ten cent pieces and 400 twenty-five cent pieces.

In the flat also was a marriage license showing that David Friedman had married Fannie Lopowsky about three weeks ago. No one was in the flat when the agents and detectives arrived, but from the janitor the raiders learned it was rented in the name of David Friedman, Friedman, it was said, was at the flat last night at 8 o'clock, but he suddenly disappeared.

The men arrested in Newark gave their names as Morris Ebelstine and Alexander Ebelstine. Both said they lived in the Eleventh street house. They were arrested after passing many counterfeit quarters and dimes on newsboys and small tradesmen. They told the police they were being paid to pass them on a percentage basis.

WOMAN IN AUTO ROUSES BROADWAY

Screams Bring Police and Alleged Husband, but Machine Escapes.

A large touring car turned out of Broadway into Thirty-eighth street early this morning, going west, at considerable speed. A woman in the machine suddenly started to scream, and kept up a succession of shrieks that roused the neighborhood for a block in every direction. Near Seventh avenue the auto stopped, and police came running up.

A man pushed his way through the crowd that had gathered and told the police he was the woman's husband. He started to drag her from the machine, but the police placed both under arrest. During the excitement the automobile, which carried another man and a chauffeur, started forward and disappeared.

The prisoner said he was John S. Sartorius, twenty-seven years old, of No. 257 West Thirty-eighth street. The woman was unable to give her name. She was hysterical, and Dr. James, who was summoned from the Roosevelt Hospital, took her to Bellevue. A charge of disorderly conduct was made against the man.

S.S.S. BEST TREATMENT FOR CATARRH

The entire inner portion of our bodies is covered with a soft, delicate lining called mucous membrane; this is kept in healthy condition by the nourishment and vital vigor it receives from the blood. So long as the circulation remains pure this membrane will be healthy, but when the blood becomes infected with catarrhal particles and poisons, this lining of the body becomes irritated and diseased, and the unpleasant and serious symptoms of Catarrh commence. There is a tight, stuffy feeling in the nose, watery eyes, burning noises in the ears, a slight deafness, difficult breathing, etc. The disease cannot be reached by external treatment, though such measures afford temporary relief in some instances. S. S. S. cures Catarrh by cleansing the blood of all impurities and poisons. When as rich, pure blood circulates through the body, the inflamed, irritated membrane heal, the discharge ceases, headaches are relieved and every symptom disappears. Catarrh, being a disease in which the entire blood circulation is affected, can only be cured by a remedy that goes to the very bottom and removes every particle of the impurity from the blood, and this is just what S. S. S. does. Book on Catarrh and any medical advice free to all who write.
